7km, is over an undulating course with a mixture of trails, country lanes and footpaths.

Take special care through transition and down some steps at the start of the run, and for the first 150m or so until you get away from the crowds. Follow marshals' instructions.

Athletes will run from the back of the leisure centre, down some steps, to the Gaskell field.

TURN SHARP LEFT to the top of the field where there is a gate.

In the next field (Windmill field) TURN SHARP RIGHT. Follow the path to the old railway.

TURN LEFT on the old railway line and descend towards Farley.

On meeting the country lane (tarmac road), TURN RIGHT. The course has a steady uphill stretch, then a downhill and then a steeper climb to Wyke, where there is a TURN AROUND POINT and water station.

Athletes will retrace their steps on the lane as far as Bradley Farm, and then TURN LEFT along the farm track. At the end of the track, follow straight along the left side of the hedge (straight on in the left field) to a metal kissing gate. Cross straight over the next field down to a wooden bridge. Cross the bridge and follow the path through the driveway to the minor asphalt road. At the top of the hill at a sharp left hand bend TURN RIGHT into a footpath.

After 70m TURN LEFT back up the railway track, and re-trace your steps from the beginning of the run back to the Gaskell Field.

The finish line is down by the cricket pavilion, and gravity will help even the most leaden legs appear to sprint.
